

PCN Britain

Three Year Strategy 2012 – 2014

National Strategy

1. To continue to work alongside other progressive Christian organisations and to aim for a presence at large Christian gatherings, including Greenbelt
2. To improve our media communications by preparing a list of PCN regional and national spokespeople, to be sent to media editors and correspondents, along with information about us.
3. To provide articles about PCN Britain to the denominational press.
4. To work with progressive coalition partners to stage a major conference in the spring of 2013.

Membership

5. To ask members to indicate their age group and ethnicity on membership renewal forms in order to improve awareness of the make up of PCN's membership.
6. To give members wishing to make contact with other members in their area a way of making their names known to others.
7. To provide resources for members who are churchgoers to encourage a progressive faith journey in their own church.

Relationship with churches

8. To produce a PCN leaflet aimed at churches explaining how PCN can help provide resources to explore current understandings of scripture and faith.
9. To provide copies of this leaflet to PCN members and groups to help them support the faith journey of their own churches.
10. To provide copies of this leaflet to all the churches on the PCN locations list and to follow this up with regular updates.
11. To make 2012 a year when our conference calendar focuses on how progressive Christian communities can be people of The Way, including a contribution from the emerging church movement.

Groups and regional conferences

12. To encourage the establishment of groups in areas not currently covered
13. To produce a fresh statement of the relationship between groups and PCN Britain centrally.
14. To encourage groups to work individually or together to organise events which present progressive Christian understanding.
15. To produce a list of British progressive conference speakers with information about each, their contact details and fee.
16. To provide conference advice, publicity and financial underwriting within the constraints of our resources and current policy.

PCN National Conferences

17. To hold at least one residential conference each year.
18. To stage two non-residential conferences a year at geographically spread locations. One of these will generally be linked to the AGM

20. To continue to encourage the writing of new liturgy for publication on the website or elsewhere while also pointing the way to similar resources already published.
21. To continue to work with partners on the Together in Hope study series adding new titles each year and to improve the marketing of the study guides to reach the widest possible audience.
22. To introduce an e-book version of the study guides if feasible.
23. To make available 25 recommended books for sale in the PCN online shop in addition to the currently available stock of CDs and study guides.
